

## Loyalty

Nafe Smallz

I been getting fucked up on this drink, fucked up on these drugs (Fuck)  
Passion in her skin, I can feel you when we touch (Feel it when we touch)  
Started as a fling, then she fell in love  
Royal like a king, I need loyalty from her, ooh  
Fucked up on this drink, fucked up on these drugs  
Passion in her skin, I can taste it when we touch (I can feel it)  
Started as a fling, then she fell in love (Feelin'), ooh, ooh-ooh-ooh

True, yeah it's true, I'm a fool for that coochie, so what?  
It's like two in the morn, I got two in the back of the truck  
Cool, yeah it's cool, true, her friends say I'm doin' too much  
True, I want you, you, you, you, uh-huh  
One shot in my cup, she turn into the ocean  
Freaky, she a slut, she silent, but she on one  
Diamonds, they shinin', they blindin', don't need no sun  
Lights, camera, action, she slidin', we don't need no one  
Oh she slidin' (Oh she rollin' up), we vibe, yeah she high as a —  
She fine (She the [?]), she my seaside (Got me slidin' up)  
Time, stainless Audemar (Suicidal doors)  
Need light (We get high some more), you and I
