

Moonlight

Nafe Smallz

Sharky, eat it up

Rollin' it all up
I just been soarin' like a dove
I double up your cup
Popped a hunnid bottles in this club
I told her it's all us
But since she just callin' me to fuck
Out here high on the tour bus
Got me thinkin' 'bout your touch

I got no trust in me, nah
I can barely even trust myself when them drugs hit me
When I'm high, don't want nobody else
Fallin' from the sky and you the angel in my eye
Don't let me fall to my demise

I'm thinkin' to call her
But, me and this money fell in love, I hopped in that foreign
Leavin' that roof in the truck, yeah, I should've warned her
You won't see nothin' but the dust, yeah, I'm from the corner
It take a lot for me to trust
I've been travellin' lightyears
If you lookin' for me, I'll be right here
And I run up a check in them Nike Airs
All this retail therapy, I'm coppin' a whole lot of Louis V
Hop in the Rolls Royce, you and me (Skrr, skrr, skrr)
She give me that sex, top fluently (Ayy, ayy, ayy)
Zone shit, I've been flyin'
Smokin', I've been high
Buss down, froze the time (Froze the time, yeah)
Rolls Royce, parked outside
Way too lit to drive
Can't control my high (Yeah)

Make it skrrt, skrrt, diamonds go bezerk under the moonlight (Skk-skrr, skrr)
Make it skrrt, skrrt, diamonds go bezerk under the moonlight

Rollin' it all up
I just been soarin' like a dove
I double up your cup (Your cup)
Popped a hunnid bottles in this club
I told her it's all us (All us)
But since she just callin' me to fuck

When I'm high, don't want nobody else
Fallin' from the sky and you the angel in my eye
