Told them niggas fuck it this shit a new beginning

Mama used to try to tell me not to trust these bitches, not to trust these w

I just left the London show fucked up, four white tings
Sinnin, you know that I'm sinnin
You know what I'm bout
She said she heard about the kid
Just from word of mouth
She see them hitters with me and she know what I'm about
Fuck you talkin bout?
Got a lot of cash money on me right now
I really shut it down
You know I trap so hard nigga in then I'm out
And I go go go get it
I been a fiend for the money yeah I said it
I got the trap line you hear it bellin
I got a million flows ain't nobody messin
I had a teacher that tried to tell me I wouldn't be shit
I just made a whole year on the weekend
Hopped out, I get so deep in the deep end
Dropped out, roll another blunt put the weed in
For my whole life I been on the grind tryna get it nigga
Brought them packs with me to the city nigga
Where them racks at you know I'm tryna get it
Fuck all the talkin
Fuck all the bitchin
Tryna get me to the millions

Tekkin long, mans leavin
Smokin strong on the weekend
