Nafe Smallz

Drop The Beat

Told that bitch "Come fuck with a real nigga please"  
I been on my grind, I been out making P's  
I'm forever trapping, man, I get it cheap (I get it cheap)  
They had [?] music, now they on to me

They told me to get out the trap  
Told that bitch, I always make her live a dream (Live a dream)  
In the Panamera, I be smoking weed  
They told me to get out the trap, nigga  
Fuck with a real nigga please (Let's go)  
I been on my grind, I been out making P's  
They told me to get out the trap  
Told that bitch, I always make her live a dream  
In the Panamera, I be smoking weed  
They told me to get out the trap, nigga  
Fuck with a real nigga please (Let's go)  
I been on my grind, I been out making P's

They told me to get out the trap, nigga  
The police coming, I see 'em down the road  
I said I told 'em to get out the trap, nigga  
'Cause I don't wanna get lit with all this food up in my truck  
I say "I don't wanna go back nigga"  
I know the police they be watching me now, they're tryna tap my phone  
I say "Get up out the trap, nigga"  
'Cause when they come into your home, they ain't coming knocking your door  
And these paigons are still enemies, can never be no frenemy  
[?] boy got me paranoid so I'm rollin' up this remedy  
Henny in my cup, in the booth, I'm still smoking weed  
I'm tryna reach that O-zone, now all these niggas be on to me  
Yeah, I came up on my own  
A couple niggas stole  
Couple niggas, yeah, they round me, so they keep it real  
I been grinding since a kid and I know how it feel  
Before I leave the trap, I told myself "I need a hundred mil"

They told me to get out the trap  
Told that bitch, I always make her live a dream (Live a dream)  
In the Panamera, I be smoking weed  
They told me to get out the trap, nigga  
Told that nigga "Fuck with a real nigga please" (Let's go)  
I been on my grind, I been out making P's  
They told me to get out the trap
