

Respect Is Due

Nafe Smallz

The-the-the unbeatablez (On the beat)

So much talk, I don't know what's true
So crazy what the streets can do (It's so crazy)
That trap house made my dreams come true
Yeah, I pay respects to where respect is due
All flows gold and diamond (Hey)
My stage show is priceless (Woo)
My main hoe, designers
All them birds, I'm flying (Ayy)
Dig this perfect timing
They can't stop this shining
We still duck and diving (Woo)
Half my niggas locked up riding (Ayy)

Smoke up a pack of the foreign (Hey)
Bad bitch, she know that I'm balling (Go)
I woke up to this money this morning
'Cause all of my niggas are balling (That's right)
All of my goals, I be scoring
They love it when I'm at the show now
Smoking wherever I go now
I roll up, my window just roll down
Now rolling up, all my niggas up, can't wait to leave these cold streets
Like, who'd have thought we would made this far? Look how people know me
I'm still around in my hometown, I got packs of loud upon me (Lets go, lets go)
I used to sleep in that trap house, now I'm up, I don't go sleep, nah, nah

So much talk, I don't know what's true (I don't know)
So crazy what the streets can do (It's so crazy)
That trap house made my dreams come true
Yeah, I pay respects to where respect is due
All flows gold and diamond (Hey)
My stage show is priceless (Woo)
My main hoe, designers
All them birds, I'm flying (Ayy)
Dig this perfect timing
They can't stop this shining
We still duck and diving (Woo)
Half my niggas (JR) locked up riding

I'm on a long walk like the South African president
If you start it with me, better be sure that I'm ending in
In ten years, man, I hope I'm even more relevant
I bet in ten years, I put your favourite rappers on benefits
I be like "Oh well", couple grand in the hotel
Sit back, let my bitch count money then I get up in her box like a e-mail, uh
Dem boy want we fail, uh-uh
Well if you ask me, they sound like females, uh-uh
They don't wanna rate me then, why they wanna rate me now?
I be skrrting around in a Benz 'til the feds wanna get us shut down (Shut down)
Yeah, I went away for a minute, came home like look at me now
In my own world gettin' Lizzie cah the money make the world go round
I be in a daydream, living this life of mine

Couple side tings wanna wifey, I'm
So sorry that I can't stay the night
But I gotta touchdown with this beige [?]
Because your shit don't work like it used to (Uh-uh)
Been getting money like [?]
Might cop a Range and I might cop a bling cah the way that I come, yeah, it'
s [?] (Uh-uh)

So much talk, I don't know what's true
So crazy what the streets can do (It's so crazy)
That trap house made my dreams come true
Yeah, I pay respects to where respect is due
All flows gold and diamond (Hey)
My stage show is priceless (Woo)
