

What's Good

Nafe Smallz

Glee, Ski

Tell me, tell me what's good?
Still flowin', no player in my mood
With them heels on I can see the way you (woo)
I see that shit you relyin' on
It's 2 in the mornin' you tryna phone
Cus you in the crib gettin' high alone

She be actin' like the chosen one
So why am I always leaving as soon as the clothes are on? (why)
Why am I always leaving as soon as the deed is done?
Why tell me why? (woo) Only when I get high I can slide (slide)
Why does life always call on my pride? (pride)
Took her up just to fall from the sky (gone)

Fashion (glee), she treat the fashion like religion (yee)
Bad one (whoo), you a lil bad one in your feelings (that right)
Passion, she let me have some in the villa
What was the outcome? Now she like 5 months getting bigger

Soon as I'm faded, ended up right back in her phone
I take her places that the mind go but the body can't come along
I keep her waiting, gotta keep her on her toes
I gotta keep it like oh she wanted the power (want the power)
She cling on my flesh in the shower
I need that pussy, devour
She finna get it for hours
She standing on biz' like the towers
Nobody hit it like I would, nobody hit it like I would
