Dímelo hijo, time can't be borrowed
Wealthy your heart grows, shots fired reload
This is how you protect that man
Keep his spirit free and hold his heart in your hands
That's the fucking plan!

Moreno, moreno, moreno, moreno!

I wanted to give up, but I will not give up on you
I know who you are, and I'll never stop loving you
I wanted to give up, but I will not give up on you
I know who you are, and I'll never stop loving you

I will not give up on you
I will not give up on you

La Pina está agria, I'm stronger in the arena
Dugang kadasig, dugang kadasig
La Pina está agria, I'm stronger in the arena
Dugang kadasig, dugang kadasig
