

# Great Spirit

## Nahko and Medicine for the People

So which wolf will you feed  
One makes you strong, one makes you weak  
And those who know and those who seek  
Amidst the chaos, find your peace (yeah)  
I know which wolf I'll feed  
I know which wolf I'll feed

Great spirit, I've had it  
Bring me back to the nomadic  
Way of weaving through the damage  
Mindful, stay mindful  
Great spirit, for my sisters  
Let me be a flowing river  
Flood the banks, the rocks that bind her  
Carry, I'll carry

Great, Great Spirit  
Oh oo oh  
Great, Great Spirit  
Oh oo oh

Great spirit, for my brothers  
Let me be a mountain under  
Which he climbs to discover  
His process, now that's progress  
Great Spirit, all that hinders  
Tie reminders to my fingers  
I must speak to you more often

Great, Great Spirit  
Oh oo oh  
Great, Great Spirit  
Oh oo oh

Great Spirit, for my relations  
Give them strength to face racism  
In every single situation  
Easy now, go on, speak loud  
Great Spirit, take me instead  
Guide me down the road of red  
Tunkashila, I am shamed, Great

Oh Tunkashila, yeah  
Tunkashila, yeah  
Tunkashila, yeah  
Tunkashila, oh yeah

Great Spirit, system collapsed  
Nothing but the Earth will last  
And I will be singing sweetly until the darkness  
And how life is  
Great Spirit, on my tongue  
Be still, be still, the time will come  
When everyone will sing "All Life is Sacred"  
Well, I'm waiting  
Great Spirit, my fist is up bringing the power to the people  
You're a reflection of us

Some of you're people can't hear it  
The cries of the Earth  
Some of you're people can't feel it  
The way that it hurts  
And it hurts, Great Spirit  
Oh, and it moves, Great Spirit  
Interconnected in the wreckage of a paradigm on  
Its way out, its way out  
Speaking of spiritual lyrical testimonies  
A spirited lyricist weaving around false prophecies  
A spirit directed and selected with the message I bring  
While the ship slowly sinks, I've been directed to sing  
I'm like a wrecking ball breaking down the walls of the past  
I made up a list, living off bliss with the last of my cash  
You're gonna be justified with how you treated the land  
You're gonna be by my side, when I stand and demand a change  
Change

They know not what they do  
They know not what they do  
Can we forgive them for that too?
