

IFK (i fucking know)

Nahko and Medicine for the People

I'm tough as nails
Sweeter than wine
I pull my weight
I get to shine

You can't rock this shit
I know, I tried it

And now you know
And once you know
You can't not know
I fucking know
Mmh, I know

My hands were tied
Or so I thought
Unlearning all
I have been taught

You can't rock this shit
I know, I tried it

And now you know
And once you know
You can't not know
I fucking know
Mmh, I know

Easy, tiger, that was close
Tell my yes it can say no

And now you know
And once you know
You can't not know
I fucking know
Mmh, I know
