

Mobius

Nai Palm

See how my harbored might is blowing away
He breaks my fall as dawning of day break
Welts with a mobius streak
Boundless and righteous for our
Magnolia seed surely ripe in the dark

Origami birds flock from my heart
Burst out in color to wherever you are

Ancient psychic, tandem, war elephants
Rest in my skin, fit this
Try angels, try angles
Try angels, try angels

See how my harbored might is blowing away
He breaks my fall as dawning of day break
Welts with a mobius streak
Boundless and righteous for our
Magnolia seed surely righteous for our
