

## Vai Toma No Cú

**Nailbomb**

Trapped on the inside, you stare in  
Who the fuck are you to tell us anything  
Rotting right through pison inside  
31 flavours of napalm to try

Fuck you and your plans  
I live my life my way  
Vai toma no c£  
You scumbag, you waste

Tired of your ways, hate rising again  
I know you'd life to see me put a bullet in my brain  
I'm not gonna be part of your plan  
Fuck your solutions cause nothing gets changed
