

Every Bridge Burning

Nails

Judgement deemed in dirt
Don't care who it hurts
Zero cause undeserved
Point the finger at yourself

(Failure) It's your
(Failure) Feel like
(Failure) Shameful
(Failure) Your life
(Failure) It's your
(Failure) Feel like
(Failure) Shameful
(Failure) Your life

Your mind not concerned
Know it all no need to learn
Broken down handed out
You can't do it on your own

(Failure) It's your
(Failure) Feel like
(Failure) Shameful
(Failure) Your life
(Failure) It's your
(Failure) Feel like
(Failure) Shameful
(Failure) Your life

Trust your hypocrisy
Turn your back on me
Consumed with jealousy
Turn your back on me

The knife inside is turning
Every bridge is burning
The past is where there's hurting
Every bridge is burning

The knife inside is turning
Every bridge is burning
The past is where there's hurting
Every bridge is burning
