

Trapped

Nails

Trapped inside this living hell
Chained to this declining shell
I don't want to bear the shame
I don't want to take the blame

Forced fed lies dragged through the dirt
Everyday something that hurts
I don't want to live with guilt
In this hell that you built

Trapped in the prison of my mind
Trapped in the prison of my mind
Freewill was just fucking lie
Trapped in the prison of my mind
