

## Peacemaker

## Naked Raygun

I am the peacemaker  
I'll pound sand right up your ass  
Our moral codes differ  
You are scum... that is all

A trail of shit follows you around  
On the edge, it's a hell of a drop  
Your number's up  
We've got your name and your middle name

I am the peacemaker  
I'm right and you are wrong  
I am the peacemaker  
You are wrong, that is all

A trail of filth follows you around  
On the edge  
It's a hell of a drop

Peacemaker
