Nana Darkman

I Still Remember The First Time We Met Day One
Today We Are Grown And We Are Still On The Run
If Life Is A Bitch Then I Am The Pimp With The Gun
And I Will Get What I Want Run Baby Run
I Ain't Goin' Nowhere 'Til I Get What I Want
Still Motivated Employee Of The Month
I Got A Team A Fist Is Stronger Than A Thumb
Sky Is The Limit Where The Words Of My Mom
We Got A Black President Now Future Has Come
A Black President Popstar No.1
And I Represent All Those Who Came From Far
God Bless Ya Ma
So Clap Ya Hands And Stomp Ya Feet To The Beat
Every Mother Is A Queen The Real Captain Of The Team
God Save The Queen

After Years Of Emptiness I Had To Sacrafice Myself
To Become A Better Man I Had To Sacrafice Myself
I Have Shared Many Tears Now I Don't Have No Fear
I Can See Very Clearly Now After The Rain Has Gone

now we've got right features to face all challanges
it ain't about who you are it's a question of balances
i don't need your anaylsis i am good
you don't know who i am 'til you feel where i stood
i come from the main neighborhood in ghana
some call me darkman some call me nana
crossed as a cd package boarders
worldwide connected worldwide orders
coordinated by a bunch of angels
via satelitte and via cable
god rules everything around me
i sell from hamburg to downtown malawi
humbled and settled long time married
what it do kenny boy where is your barbie?
i roll old school like atari
first comes god afterwards comes family

After Years Of Emptiness I Had To Sacrafice Myself
To Become A Better Man I Had To Sacrafice Myself
I Have Shared Many Tears Now I Don't Have No Fear
I Can See Very Clearly Now After The Rain Has Gone
