we ain't tryin' to start nothin but remember the time
so all you have to do is son keep it in mind
you've gotta pay the ferry man before you get shot
you've gotta pay the ferry man before you get shot

You've Gotta Pay The Ferry Man
Pay Me Pay Me
You've Gotta Pay The Ferry Man
Give Me What You Owe Me

attention
i got a dime in my left pocket another in the right
that's all i need for my sleep after my last fight
but it was all in my dreams from last night
paralyzed paranoid in my bed heard a voice
i don't mess around @ all with the ferry man
light a candle in my hall when they bury men
angels singin' that song and it's scary man
paralyzed paranoid in my bed there's still a voice
so i am standin' in a line with a skinny boy
and i am scared about the time as a silly boy
i see the devil in disguise with a flashy toy
paralyzed paranoid will i die will i burn?
Now he's tellin' me to listen very carefully
he would like to use my body occasionally
i could live from now on 'til eternity
get the hell outta here
ferry man ferry me

You've Gotta Pay The Ferry Man
Pay Me Pay Me
You've Gotta Pay The Ferry Man
Give Me What You Owe Me

i am the darkman
and i got your money
so when the bury me

ferry man ferry me
let me go rest in peace
do yourselves a favor
don't forget to pay the ferry man
when you get a cake
don't forget to save the cherries man

i am the ferry man
don't forget to pay me
i am the ferry man
don't forget to pay me
