

# Love Goes On

Nana Mouskouri

Love, love goes on  
Like the sea  
Love goes on eternally  
Troubles come, then they're gone  
Love goes on

What has gone wrong with the life that we lead?  
World full of hate and suspicion and greed  
Men go to war, taking freedom away  
Why can't they see that whatever they say

Love will survive  
If we have love  
We're alive  
And always love  
Love goes on like the sea  
Love goes on eternally  
Troubles come, then they're gone  
And love goes on

Sorrow and shame may bring worry and doubt  
Love is the flame that will never go out  
Men go to war taking life as a prize  
Why in the world don't they all realize

Love will survive  
If we have love  
We're alive  
And always love  
Love goes on like the sea  
Love goes on eternally  
Troubles come, then they're gone  
And love goes on

On and on like the sea  
Love goes on eternally  
Troubles come then they're gone  
Love goes on, on and on  
Like the sea  
Love goes on eternally
