

# Never Be the Sun

Nanci Griffith

You'll never be the sun turning in the sky  
And you won't be the moon above us  
On a moonlit night  
And you won't be the stars in heaven  
Although they burn so bright  
But even on the deepest ocean  
You will be the light

You may not always shine as you go  
Barefoot over stones  
You might be so long together  
Or you might walk alone  
And you won't find that love comes easy  
But that love is always right  
So even when the dark clouds gather  
You will be the light

And if you lose a part inside  
When love turns around on you  
Leaving the past behind  
Is knowing you'll do as you always do  
Holding you blind  
Keeping you true

You'll never be the sun turning in the sky  
And you won't be the moon above us  
On a moonlit night  
And you won't be the stars in heaven  
Although they burn so bright  
But even on the deepest ocean  
You will be the light  
You will be the light  
You will be the light
