

Think I'm Coming Down

Nancy Sinatra

Well, I think I'm coming down
Yes, I think I'm coming down
You know, I think I'm coming down
Yes, I think I'm coming down

You took everything I had
You took my good and made it bad
Then you taught me how to fly
But you let me fly too high

A now, I think I'm coming down
Yes, I think I'm coming down
You know, I think I'm coming down
Yes, I think I'm coming down

Fly on lovebird go free
Don't look back at me
You've stolen all the best
Now no one wants to rest

And so I think I'm coming down
Yes, I think I'm coming down
You know, I think I'm coming down
Yes, I think I'm coming down

Well, I think I'm coming down
Yes, I think I'm coming down
You know, I think I'm coming down
Yes, I think I'm coming down
