

Gabriel

Nao

Oh, Gabriel (huh)
Oh, what would you like to do to me?
Would you touch it like that
Or maybe hit it right back?
Oh, Gabriel, what you to do to me

I really get a rush from you
And I try to hide my crush from you
'Cause I got a rush
I gotta trust
I got a thing that you want me too
I really get a rush from you
What you do to me

Oh, Gabriel (huh)
Oh, what would you like to do to me?
Would you touch it like that
Or maybe hit it right back?
Oh, Gabriel, what you to do to me

(Hey) I really get a rush from you
And I try to hide my crush from you
'Cause I get a rush
I gotta trust
I got a thing that you want me too
I really get a rush from you
What you do to me

Oh, won't you be mine? (Uh huh)
And maybe we'll make it, maybe we'll break it
Maybe we'll fly away from here
Maybe we'll make it, maybe we'll break it
Maybe we'll fly away from here
Maybe we'll make it, maybe we'll break it
Maybe we'll fly away from here (baby)

I get a rush
I get a crush
Really get a rush from you
What you do to me
