

I Need Your Lovin'

Nao

Oh, oh, oh, hoooo
Hey, hey
Life's beat is, coming on strong

I don't want the fire, without the flame, no
Mother Nature gave me, two hands to hold you
Not talking pressure or material gains
'Cause m-o-n-e-y never did a thing for l-o-v-i-n
Never understand where people's heads are in
Ask me what I need...

I need your lovin'
And that's the bottom line
I need your lovin'
In just a little time
I need your lovin' oh
That's the bottom line
I need your lovin'
And such a little time just will do

Just a little lovin' this will do
Just a little lovin' this will do
Just a little lovin' this will do
Just a little lovin' this will do
Just a little lovin'

Life's coming, so glad you're mine
I don't want your rhythm without your rhyme, no
Easy feeling, your love keeps getting better
Say you'll leave me never and together we'll fly
'Cause m-o-n-e-y never did a thing for l-o-v-i-n
Never undersand where people's heads are in
Ask me what I need...

I need your lovin'
And that's the bottom line
I need your lovin'
In just a little time
I need your lovin' oh
That's the bottom line
I need your lovin'
And such a little time just will do

Just a little lovin' this will do
Just a little lovin' this will do
Just a little lovin' this will do
Just a little lovin' this will do
Just a little lovin'

L-o-v-i-n'
L-o-v-i-n'

Just a little lovin' this will do
