Ooh, I get high when I think about your love  
Up in my mind 'cause you're all I'm thinking of  
Ooh, I could die just imagining your touch  
I get high  
I get high  
I get high  
Somewhere in the sky above Jupiter  
Like I don't ever wanna come back to earth  
Darling

Reality, reality, don't bring me down to earth  
Leave me up in orbit where my feelings won't get hurt  
I know the universe has got my back  
'Cause it brought us both together  
It's the law that we attract, yeah, yeah  
Writing you a letter, can I send it on the clouds?  
I'm jealous of the moon because it's closer to you now  
I'm must be out my mind, or am I drunk?  
'Cause you got me acting different  
Could it be that we're in love?  
Nothing else matters when you're in my head  
Oh just the thought is enough, yeah

Ooh, I get high when I think about your love  
Up in my mind 'cause you're all I'm thinking off  
Ooh, I could die just imagining your touch  
I get high  
I get high  
I get high  
Somewhere in the sky above Jupiter  
No, darling  
Like I don't ever wanna come back to earth  
Oh no  
Somewhere in the sky above Jupiter  
Ooh  
Like I don't ever wanna come back to earth  
Oh, darling, oh

Reality, reality, don't bring me down to earth  
Oh
