

Messy Love

Nao

Said, are you worried?
I'll feel the same if I let you in
Tell me you've noticed then I'll be to blame
If I can't forgive (can't forgive)

Said I can't lie, said I can't lie
Said I can't waste my mind
Not even this time (this time, this time)
Said I won't break, said I won't break
Said I won't change my ways
Not even this time (time, time, time)

'Cause no one wants fool's love
That kind of messy love, love
'Cause I don't want no love
That kind of messy love, love

It's you and me only, yeah
I can't be persuaded to open out
Everybody's pent up and scarred with broken hearts
And I don't wanna go back there, ooh

So I'm saying goodbye, I'm saying goodbye
I won't even change my mind
Not even this time (time, time)
Said I won't stay, said I won't stay
Said I won't break, no way
Not even this time (time)

'Cause no one wants fool's love
That kind of messy love, love
'Cause I don't want no love
That kind of messy love, love
Messy love

Gotta heal
Gotta see me do my thing
Gotta stay here next to me
Gotta protect my energy
I'll get on
Fall outta love and get on
Oh, darling, yeah
Yeah, yeah

'Cause no one wants fool's love
That kind of messy love, love
'Cause I don't want no love
That kind of messy love, love
'Cause no one wants fool's love
That kind of messy love, love
'Cause I don't want no love
That kind of messy love
(Messy love, messy love)

('Cause no one wants fool's love
That kind of messy love, love
Want no love

That kind of messy, messy love)
