

Poolside

Nao

I like what you do
Yeah, you do it good
Come play in my poolside babe
In my poolside, yeah

Look at what you do
Sweating but it's cool
Come play in my poolside, yeah
Keep it poolside, yeah

Take your time
Get it right
Make this a ritual
Clear your mind
Feel the tide
It's almost biblical

Close your eyes
Over ice
Come here and sip it slow
Keep it light, let's just vibe
We got this moment alone
It feels like it's been so long
Now I got you one on one
We both want it baby, just be honest

I like what you do
Yeah, you do it good
Come play in my poolside babe
In my poolside, yeah

Look at what you do
Sweating but it's cool
Come play in my poolside, yeah
Keep it poolside, yeah

Ooh, meet me in the water
Ooh, keep me in the water

We can float, do the most
It's an experience
Rocking boats, losing strokes
Got me delirious

I'm here for the passion
So let's make it happen
You got me splashing now
Just by reaction

I like what you do
Yeah, you do it good
Come play in my poolside babe
In my poolside, yeah

Look at what you do
Sweating but it's cool
Come play in my poolside, yeah

Keep it poolside, yeah

Ooh, meet me in the water

Ooh, keep me in the water

Feeling so good we should make it a hobby

You feel the drip from the warmth of my body

Might make a mess but I won't say sorry

It's just you and me we're the life of the party

Party

I like what you do

Yeah, you do it good

Come play in my poolside babe

In my poolside, yeah

Look at what you do

Sweating but it's cool

Come play in my poolside, yeah

Keep it poolside, yeah

Ooh, meet me in the water

Ooh, keep me in the water
