

Best Part

Naomi Raine

Wrapped in peace, tied with love
With His first breath, He rescued us
Bringing joy to the world
Lasting love, so undeserved

What a gift we have in Jesus
Unending joy, amazing love
This we know, you're still the reason
And of everything
Jesus, you're the best part

A son was given, a child was born
So meek and lowly, our sovereign Lord
A life laid down, surrendered crown
Just to behold Him, is what we live for now
Just to behold Him, is what we live for now

What a gift we have in Jesus
Unending joy, amazing love
This we know, you're still the reason
And of everything
Jesus, you're the best part
Jesus, you're the best part
Yes you are
Jesus, you're the best part

He is worth more than silver, more precious than gold
Even more priceless than treasures untold
So we lay down our lives, let His story unfold
Creation will praise him, the nations behold

So here's our worship, here's our love
Our surrender, have all of us
Let us adore Him, Christ the Lord
The Son of God, Son of Man, the living word

What a gift we have in Jesus
Unending joy, amazing love
This we know, you're still the reason
And of everything

Jesus, you're the best part
