

# For My Good

Naomi Raine

I used to damn those desert valleys  
But now I thank You for those droughts  
I used to curse the walls around me  
But now I see You had it figured out

It was all working for my good  
If only I knew back then what I know right now  
Nothing is wasted in Your hands  
God, You didn't forsake me  
And I know You never will

There is beauty in the ashes  
There's a peace within the storm  
There's a song for every season  
So don't stop singing  
On and on until you see the sun

'Cause it was all working for my good  
I see it now  
If only I knew back then what I know right now  
Nothing is wasted in Your hands  
God, You didn't forsake me  
And I know You never will

I know You never will  
You never leave me  
You never will  
And I trust You  
Even when I don't see You  
I still trust You  
When I don't understand I still lift my hands and worship in the middle of it

When I should've lost my mind  
You showed up right on time  
And carried me through the valley  
All the way on the other side  
And when pain tried to take my joy  
That's when I felt You more  
Now I've gotta testify  
God, You kept my heart alive

Oh, yes, You did  
I didn't know if I'd survived  
I gave up so many times  
But You kept my heart alive

When love ones came to die  
You never left my side  
And You kept my heart alive

Yes, You did  
Yes, You did  
Yes, You did

I'll praise You in the day  
And I'll praise You through the night

'Cause You kept my heart alive  
Yes, You did  
Yes, You did  
Yes, You did

I'm alive  
I'm alive  
I'm alive  
I'm alive

'Cause You kept my heart alive  
You kept my heart alive

Nobody else can do it  
Nobody else can do it  
You kept my heart alive  
Nobody else can do it  
Nobody else can do it  
You kept my heart alive  
Nobody else can do it  
Nobody else can do it  
I'm grateful  
You kept me  
Nobody else can do it  
When nobody else  
When I thought I was alone  
You kept me  
Nobody else can do it  
When I thought I wouldn't make  
When I thought I wouldn't make  
You kept me  
You kept me

When I thought it was over  
You never left in the valley

It was all working for my good  
If only I knew back then what I know right now  
Nothing is wasted in Your hands  
God, You didn't forsake me  
And I know You never will  
You didn't forsake me  
And I know You never will

Come on lift those hand  
Let's declare this  
You never will  
You never will  
I need you to make that confession  
You never will  
When the enemy starts talking to you, declare  
When he tries to make you feel that God has forsaken you, declare this  
I lift my voice and say  
Even in the middle of the storm, I'll say  
Even when I'm confused, I'll say

It was all working for my good  
Sing it over your heart  
If only I knew back then what I know right now  
I wouldn't have been mad at You  
And nothing is wasted in Your hands  
I know, God, You didn't forsake me  
And I know You never will

God, You didn't forsake me  
I thought You did  
I know You never will  
God, You didn't forsake me

Come on, raise th-raise your hand
