

Breeze

Naomi Sharon

You are a breeze running through my soul
With you I wanna kiss and go
Fighting the feelings of before
Flash back into your rusty eyes
See, I would never did to lie
If so, I would come and clarify

The feelings that I feel inside
The feelings that I feel inside
Feeling, feeling, feeling you
I'm feeling
Feeling, feeling, feeling you
Feeling, feeling, feeling you
I'm feeling
Feeling, feeling, feeling you

Driven by the ocean of your thoughts
Beyond and above your love
Blue waves of regrets and feeling lost
Baby, baby, cut out the window
Step out of the comfort zone
What are your feelings with your inner growth
Baby, what I feel inside
Wanna know what I feel inside?

Feeling, feeling, feeling you
I'm feeling
Feeling, feeling, feeling you
Feeling, feeling, feeling you
I'm feeling
Feeling, feeling, feeling you
Feeling, feeling, feeling you
