

Regardless

Naomi Sharon

Suddenly my heart is yours
Lovingly, I let you know
I left the world behind, oh
I told the stars you're mine

Why'd you tell me to walk away, oh
But what if I don't need no space, oh
You just need some comforting, ooh
You just need my company now

Even if I'm brokenhearted, I'll still stick around
Even if you're brokenhearted, I'll still come around
'Cause I love you regardless, yeah
Baby, I love you regardless, yeah

Hopefully, the rising sun brings us peace
And we could run
Leave the world behind, hmm
Said that you are mine

Why'd you tell me to walk away, oh
But what if I don't need no space, oh
You just need some comforting, ooh
You just need my company now

Even if I'm brokenhearted, I'll still stick around
Even if you're brokenhearted, I'll still come around
'Cause I love you regardless, yeah
Baby, I love you regardless, yeah
