

## Prelude

## Napalm Death

Last chance to escape  
Shall I forsake all that I can take to carry on  
Insanity slips away  
Greeting the new day  
Believing is kneeling  
Ignore what I'm feeling  
The pressure of living is taking it's toll  
Regrets that I'm thinking  
The love that I'm losing  
The hope that we're sharing is a lost cause  
Misshapen  
Thought I'd lost  
Caressing chaos drops  
Prelude to a drowning, burning vision  
Pointless, selfish  
Half the time I can't remember any of the childish lies  
Suppressing unwanted thoughts  
Expressing my only voice
