Stilley...

Gummies, suckers, dabs, oils, keef hash. Yea all that  
Smoke somethin' bitch!

So high, so high, so high  
So high, so high, so high  
(Only the best though)

It's a wrap (wrap). Run, tell ya mommy  
And don't come back 'less you got somethin' for me  
I never sold weed. I just traded it for money  
Rub a couple fingers and my thumbs together like Johnny (Manziel)  
No brown, strictly that green bay  
Cartel dirt weed, me no comprende  
Catch me in the hood rollin' blunts at the speedway  
Or blowin' wit' my white buddy listenin' to Green Day  
25 years in my trunk up the freeway  
Can't say too much. Police on the stingray  
Cousin in the kitchen weigh it up then I re-weigh  
Go a little over so I give myself some leeway  
Smokin' on medicinal, high as my cholesterol  
Premium gas, 10% ethonol  
You can't keep the alcohol. You can keep the adderall  
Just keep ya hands off my flowers, dawg. (Stilley!)

So high, so high, so high  
So high, so high, so high

No I'm not a doctor with a Ph.D  
But I know a little somethin' 'bout THC (what's that?)  
I know it's good for ADHD  
PTSD, won't let 'em BS me  
I self-medicate. Don't need no doctor's orders  
I'm more than qualified to prescribe you a quarter  
Of that medical grade indica or sativa  
These flowers loud enough to blow a hole through ya speakers  
I be high as a tweeter, clippin' the meter  
Catch me open in the zone like ya favorite receiver  
Roll up a fat doobie, look like a tortilla  
Roll up the whole onion, call that a fajita  
Gon' need a breather. Gon' need more oxygen  
So much smoke in the air, I'm tempted to call the firemen  
You can't escape the fire when you stuck off in the frying pan  
Burn enough trees to fuck up the environment

So high, so high, so high (smokin' on medicinal)  
So high, so high, so high (blowin' on medicinal)  
(Blowin' on medicinal)

(Uhn... Yeah) From the sticks, no hoe shit  
We don't name our reefer. We just smoke the shit  
I'm laid back. Be the same when approachin', kid  
Smoke wax. You don't know just how potent this is  
Used to roll blunts. Now I pack vape pipes (Uhn)  
Gas mask, try this on get ya face right (C'mon)  
Gas Mask, CMK my homie stay tight

We tryna run through this quarter before it's daylight  
East side, 4th Ward, we salute king  
Marijuana had me sleepin' through my hoop dream  
Leave the head shop, verse done at green top  
Can't stop it. I'm hooked just like Kareem's shot  
Smart water, indica by the quarter  
In the car I got more Jack Herrer  
I'm in Denver, CO making backorder  
Naked bitches trimmin' weed. That's a trap for ya

So high, so high, so high (smokin' on medicinal)  
So high, so high, so high (blowin' on medicinal)  
So high, so high, so high (smokin' on medicinal)  
So high, so high, so high (blowin' on medicinal)  
So high, so high, so high (smokin' on medicinal)  
So high, so high, so high (blowin' on medicinal)
