

I Don't Think

Nardo Wick

I don't think they live how we live
I don't think they on it how we on it
I don't think they built how we built

I don't think that lil' boy is a murderer
I don't think I know you, never heard of ya
I don't think this Percocet is working, bro
I don't
I don't think them niggas is outstepping us
I don't think there's no place I won't go without my weapon, uh
I don't think they understand how quick this shit gets treacherous
I don't think no niggas got the balls to touch my necklace

Real recognize real, and who the fuck is y'all?
84 bullets in this cutter, you can't duck them all
I knew he was outta there before the news and all the blogs
I just cashed out, six Drac's, and they for all the dawgs
I ain't with all that talking but I'll assure a niggas
Strap on the ARP so I can hold it on my shoulder, niggas
He'll probably drop a bag, but he is not gon' pull a trigger
He'll probably drop a bag, but he is not gon' blow a niggas, bitch niggas

I don't think I had a bitch as bad as her
She be smiling hard whenever I let her drive my Challenger
How this bitch so shy but get so freaky for the camera?
If she try to set me up, Lord forgive me, but I'm blaming her
I'm kinda shy, that's why I always got my hoodie on
Niggas better not play with me, especially when it's fully on
I'ma take it as a threat if a niggas mugging and looking long
That's one of the hundred ways that you can get your face blown

Fee-fi-fo-fum, push up on 'em, go dumb
Real big stepper, show you how to blow some
I need my own website, "Realnigga.com"
Know they wish they fucking with you, hell no, uh-uh

I don't think that lil' boy is a murderer
I don't think I know you, never heard of ya
I don't think this Percocet is working, bro
I don't
I don't think them niggas is outstepping us
I don't think there's no place I won't go without my weapon, uh
I don't think they understand how quick this shit gets treacherous
I don't think no niggas got the balls to touch my necklace
