Lil mama don't talk, all she know is [*gawk*]
Lil bruh don't talk, all he know is [?]
Got a cold ass heart, make a bitch say "hah"
Done two drive-bys, three-star that car
Hot shit, hit it, make a nigga say "agh"

Put it in a box, I don't need no bank
Imma draw that lead, I don't need no paint
Take her home for the head, kidnap her brain
She be bringing her purse, I ain't buying her a thing
I ain't here for that, babe, better call your man
When you bring up real, please mention my name
I don't drop no dimes, I don't keep loose change
He hit a red light, that nigga gon' sing
I got a girl that still ain't slide
Got a dumb ass whip, got F's on the ride
Nigga, I'm too fire, got heat on both sides
Nigga, my money up, nigga, your shit tired
She said I can't have it, then that bitch lie
Yeah, everybody know that I'm that guy

They say talk cheese, so I show off
I aim at your organ, I bet you duck
Like a goddamn headstand, get tore up
Or I'm a real band man, got big bucks
If I up first run, don't test your luck
Gotta keep that gun on my hip, it's stuck
(Lolli, lolli, lolli)

Water out the block, leave shells everywhere
