

# Brain Dead

**Narrow Head**

Kill your brain  
Before it kills all of us  
Feel your pain  
I'll rid the earth of myself

Lead in the gun  
Pull it just once  
Lead in the gun  
Look up

I'll keep my mouth  
Shut and stare at the sun  
Bury the lies  
We're all terminal

Lead in the gun  
Pull it just once  
Lead in the gun  
All you need is to look up
