

Caroline

Narrow Head

When you wake up so softly
Have you had enough?
All alone you stay there without a sound

You fall down
Say it's not so
You fall into me
Caroline
Don't go
Say you're onto something else you found, but I know
You'll come around

When you wake up so softly
Have you had enough?
It's okay to say that you lie down

You fall down
Say it's not so
You fall into me
Caroline
Don't go
Say you're onto something else you found, but I know
You'll come around

Don't go
Say you're onto something else you found, but I know
You'll come around

When you wake up so softly (Don't go)
When you wake up so softly (Don't go)
When you wake up so softly (Don't go)
When you wake up...
