

Flesh & Solitude

Narrow Head

Like to see
The way that's gone
It turns to solitude
Put the record on to remember

Forsaken me
I defer (Don't go, don't go)
And it's all I know (Dying, dying, dying)

When we see
That it's all so wrong
Speaking over me
Take the jacket off
I remember

Forsaken me
I defer (Don't go, don't go)
And it's all I know (Dying, dying, dying)
Forsaken me
You'll catch on (Don't go, don't go)
And you're all I know (Dying, dying, dying)

And it's all I know
I'm floating through
I feel you
I defer
And it's all I know

Forsaken me
I defer (Don't go, don't go)
And it's all I know (Dying, dying, dying)
Forsaken me
You'll catch on (Don't go, don't go)
And you're all I know (Dying, dying, dying)

Forsaken me
