

Make It Hurt

Narrow Head

Sleep alone
Mourn your loss
I watched you, lose it all
I watched you, burn it all down
I watched her eyes as she cried
Tell me, does it hurt?
Deranged, out of line
I want to make it hurt

Mourn alone
Sleep it off
I watched you, lose it all
I watched you, burn it all down
I watched her eyes as she cried
Tell me, does it hurt?
Deranged, out of line
I want to make it hurt

I watched her eyes as she cried
Tell me, does it hurt?
Deranged, out of line
I want to make it hurt
