Night Tryst

Narrow Head

Count your breaths
While my lips touch your spine
No one has to know

Now it's time for you to go
Let's calm down and look for your clothes

Tell your friends you wanna go
We'll be sly
No one has to know

Now it's time for you to go
Let's calm down and look for your clothes
I just want to be alone
Tell me when you've made it home
