

Nodding Off

Narrow Head

How can you see
When you are blind with those eyes?
Lie yourself down
Enjoy yourself
Just for a while

I'm sure we're alone
That's good to know
I'll try to be better
But I know I'll never

Cry me to sleep
I am nothing at night
Drag yourself down
Tie it on, then nodding off we go

I'm sure we're alone
That's good to know
I'll try to be better
But I know I'll never

I'm sure we're alone
That's good to know
I'll try to be better
But I know I'll never
