

Soft To Touch

Narrow Head

Soft to touch
It's an empty feeling now
It's never enough for you
Let's find out

And it feels good to know
That we're here all alone
And we feel so high
High

Falling out
Say it once out loud
For tonight
You see? It feels alright

Slow it down
You'll be gone when it runs out
It's never enough for you
Let's find out

For you, let's find out

And it feels good to know
That we're here all alone
And we feel so high
High

Falling out
Say it once out loud
For tonight
You see? It feels alright
