Sunday

Narrow Head

The day's upon me
I'm calling off
The day is lonely now
I've found

Fall in love
See things through and know
I've had enough of it

The day is lonely
It's wearing off
The day is burning out
I can feel it now

Fall in love
See things through and know
I've had enough of it

Fall in love
See things through and know
I've had enough of it
Fall in love
See things through and know
I've had enough of it
