

Trepanation

Narrow Head

Feel it grow
Causing my hesitation
Grind it down
Sinking now into desperation

Drill it in, pull it out
Driving me to
Cut it up, bleed it out
Trepanation
Drill it in, pull it out
Driving me to
Cut it up, bleed it out
Trepanation

I feel no lows
Through meditation
Filing down holes in my head
Trepanation

Drill it in, pull it out
Driving me to
Cut it up, bleed it out
Trepanation
Drill it in, pull it out
Driving me to
Cut it up, bleed it out
Trepanation

Drilled in slow
No blood flow
Drilled in slow
No blood flow

Drill it in, pull it out
Driving me to
Cut it up, bleed it out
Trepanation
Drill it in, pull it out
Driving me to
Cut it up, bleed it out
Trepanation
