

# Be A Nigger Too

Nas

Turn your radios up  
The real niggas are back on the radio

This is for my niggas, niggas, niggas  
This is for my niggas, niggas, niggas (So I salute my "Niggas! ")  
This is for my niggas, niggas, niggas  
This is for my niggas, niggas, niggas (So I salute)

Uh, no slackin', no beggin', no askin', no fastin'  
No disrespect to Islam, no Imam or Pastor  
No answers to questions the media's askin'  
Why we fight each other in public in front of these arrogant fascists?  
They love it; puttin old niggas verse the youngest  
Most of our elders failed us, how could they judge us? Niggas  
There's verbal books published by niggas, produced by niggas  
Genuine niggas, so I salute my niggas  
Not mad cause Eminem said nigga, cause he my nigga  
Wigga, cracker, friend, we all black within, okay?  
We all African, okay, some Africans don't like us no-way  
A killing happened in Johannesburg yesterday  
Slain artist named Lucky Dube, hijacked  
Some say N-double A-C-P, keep us sidetracked  
But I don't buy that, I buy Aston Martins  
Faster cars than NAS-a-CARs and, sparkin while ridin  
Critics, eat a dick! Journalists see I'm rich  
With this N-word jargon I'm just starting, bitch!

This is for my niggas, niggas, niggas  
This is for my niggas, niggas, niggas (So I salute my "Niggas! ")  
This is for my niggas, niggas, niggas  
This is for my niggas, niggas, niggas (So I salute)

Wake up in the morning, shake my third leg in the toilet  
Uzi on the nightstand, I'm the man you go to war with  
Not the man you go to war against, patience, I'll get you  
If that means I can't sleep a whole year, I'mma get you  
I'm official, not a-tisket or a-tasket  
I'll put you in the casket, with the biscuit or the ratchet  
They smoke hibiscus, they plants or trees, advanc-ed weed  
Don't forsake us, you all are fake bloods like move make-up  
I flow tighter as Tootie's braces, who he hatin us?  
I be on a state bus in shackles if my.8 bust  
Cause y'all some tellers, opposite of bankers  
I'm the shit for ages, my clique still real QB gangsters  
Clique still movin' like Freemasons, so if I'm on the flow  
From the law, there's lodges all across the nation  
Nas is bred for the plan  
To hold the Grand Dragon's head in my hand  
Come and get me, here I am

This is for my niggas, niggas, niggas  
This is for my niggas, niggas, niggas (So I salute my "Niggas! ")  
This is for my niggas, niggas, niggas  
This is for my niggas, niggas, niggas (So I salute my "Niggas! ")
