

# Get Light

Nas

Ladies  
Fellas  
I know some of the most intelligent women in the world is listenin' right now  
And all the realest brothers is like, uh

Get light with it  
Day party to midnight with it  
Ice wet like a fire hydrant hit it  
While the girls double dutch, I double my digits  
Dice game pop, peace and one love to my niggas  
New York, New York  
All sorts of bosses who walk the walk  
Look how long the blocks is  
Ruthless, close range they shoot shit

Wall St, racquetball, oysters, masseuses  
Bourgeois-zee the mood ya'll be  
Then it's back to the hood where you knew I'd be  
Driver license and the face card, two IDs  
Get light off the rosé bottle we sip  
New shorty in my life, she my lottery pick  
And if the economy slips she gon' ride with the kid  
City Girl like JT, MIA to the Bridge

Get light  
Get light with it  
Get light  
Yo Hit-Boy, hold up, bring it back  
Yeah

Get light with it  
Day party to midnight with it  
Ice sweat like a fire hydrant hit it  
While the girls double dutch, I double my digits

ATVs, quads with speed  
Doin' wheelies, black Lanvin sneaks  
Family first, a holiday feast  
I constantly seek  
Moments like this is peace to say the least  
We used to play ball, when girls watched we played smoother  
I had to try to be like Mike, a cool 3-point shooter  
Couldn't be the loser, takin' Gatorade from the cooler  
Summer, Fall, Winter, New York girls smokin' hookah  
Grown ladies with Mercedes Benz keys and chimneys  
Friendly as little kids on 10-speeds  
Makes me want to have another seed, I'm simply  
Gettin' light on the track  
Ripley's Believe It or Not  
I'm still the cream of the crop  
I was just the tender age of eighteen on the charts  
Wasn't even dreamin' this far  
Believe who you are  
The sun doesn't even know it's a star

Get light with it

Day party to midnight with it  
Ice wet like a fire hydrant hit it  
While the girls double dutch, I double my digits  
Dice game pop, peace to my hustlin' niggas  
New York, New York  
All sorts of bosses who walk the walk  
Look how long the blocks is  
Ruthless, long range they shoot shit

And party and bullshit  
And party and bullshit  
And party and bullshit  
And party and party  
And party and bullshit  
And party and bullshit  
And party and bullshit  
And party and party
