

Motion

Nas

Yeah
Test, test
Yeah
I might spend a week, I might

Yo
I might spend a week at the Magic Castle
Presidential Suite, made of brass and alabaster
You can cast a spell
Just backfires, they satire
My guyzer's and I just watching from highrises
Weird luck, 'cause when we fail, we only fail up
I tear up every time I see a mail truck
Know that check comin' five-hundred a piece, smoothly
Ayo, that shit behooves me
They need to bring back beheadings
Guillotines for guys, get whacked like medieval times
They not ready
What we touch, leave everything dead-y
For tryna stop us, you can't, like my man said, we havin' motion

We havin' motion
We havin' motion
And ya'll ain't havin' no motion
No motion
No motion
Me and Hit, we havin' motion
Havin' motion
Havin' motion
And y'all ain't havin' no motion
It's all over
Like when the show end

Best friends chill by the pool, they bellydancing
Lampin', throwback sweatsuits from Grambling
Maybach trucks, Breaking Bad like Bryan Cranston
Black and white Nike Dunks, them clean Pandas
Dump the ashes in the ocean, get the sharks high
All black yacht, we made it from the hard times
In any era, Rivas is my backdrop
Hacienda interchangeable, mad spots
Rollin' dice, shirts like Miami Vice
The women, they wear the scent that seduce with embroidered ice
The flesh, a vessel, I'm not obsessed with death
I manifest what's best
I'm ghetto tested, bless
I'm havin' motion like an eighteen-wheeler out on the turnpike
My worst night, a motion picture Fox Searchlight
Three-wheel motion
West Coast shit
Nigga overdoses, imperial pistols, ferocious
Explosive
East Coast shit
Motion like Flavor Flav in that "I Ain't No Joke" vid
And I ain't gotta say a word 'cause they know
I see Anchorage out in Turks & Caicos
Maybe they too angry, that's why they don't got motion

We havin' motion
We havin' motion
And y'all ain't havin' no motion
No motion
No motion
Me and Hit, we havin' motion
Havin' motion
Havin' motion
And y'all ain't havin' no motion
It's all over
Like when the show end

Best friends chill by the pool, they bellydancing
Lampin', throwback sweatsuits from Grambling
Maybach trucks, Breaking Bad like Bryan Cranston
Black and white Nike Dunks, them clean Pandas
