

## Adios Old Friend

Nashville Cast

You were headed  
For some border town  
to find a Spanish rose  
And settle down

You hitched a ride  
On a southbound  
Mexican wind  
Adios old friend

I heard you made it  
Far as El Paso  
Those Texas rangers  
would not let it go

They tracked you down  
On the banks  
of the Rio Grande  
Adios old friend

Do angels sing for outlaws?  
I don't know  
But I know outlaws pray  
And I pray  
It's so  
Old friend
