

And Then We're Gone

Nashville Cast

Well we played all night
And ya'll got crazy alright
You threw 'um all up
While we threw down

Ya'll have fun?
Well it's almost done
But let me hear you make some noise
For one more song
And then we're gone.

To the next town
To the next state
We're going to turn this story to the next page
Flying down a road on a highway we don't know

Yeah, we get up there
Get off the bus there
Cause the people line up to see us there
Get your phones up, videos on
One more song
And then we're gone

Now we brought the show
And ya'll brought the noise
From the front row girls
To the back row boys

But all good things
Must come to an end
So one more time
Let me hear you again

And then it's to the next town
And to the next state
Going to turn this story to the next page
Flying down the road on a highway we don't know
Where we go

Yeah we get up there
Get off the bus there
Cause the people line up to see us there
Get your phones up, videos on
One more song
And then we're gone

Now we gotta go
But our hearts'll stay here
Now we wanna know
After the show
Who's gonna buy us a beer
Before we disappear

To the next town
To the next state
We're going turn this story to the next page
Flying down a road on a highway we don't know where we go

Yeah, we get up there
Get off the bus there
Cause the people line up to see us there

Get your phones up, videos on
For one more song
And then we're gone

Oh yeah

I said bye, bye, we got to fly
Drink in my hand
Tear in my eye
Let me hear you make some noise
For one more song
And then we're gone
And then we're gone

Thank you
We're gone
