

# Come Find Me

Nashville Cast

Standing in the shadow of love, waiting for someone.  
Always thinking he's about to show up, but he never does.  
But if you ain't gonna play by the rules, you know the game, is  
no fun.

[Chorus:]

Come and find me, I've been hiding for so long.  
It's getting late in the evening, has everybody gone home?  
Did I miss it when they hollered out it's time to leave?  
Olly Olly oxen free  
Come find me.  
Oh, Come find me.

Tired of playing hide and seek, catch me if you can.  
Oh, somethin' must have gone wrong, with the plan.  
But I stashed myself away so good, even I don't know where I am  
, so

[Chorus x2]

Don't hide from me darlin,  
Come find me.
