Hold You In My Arms

Nashville Cast

Dream the sweetest dream.
Swing from star to star.
When you wake I will be here
To hold you in my arms.
Darling don't you cry.
Tears will soon be gone.
In the night I will be here to hold you in my arms.
Hold you in my arms, hold you in my arms,
All is well, all is right.
I'll hold you in my arms.

Hold you in my arms,
Hold you in my arms,
When you wake I will be here to hold you in my arms.
