

River Swimming

Nashville Cast

You're like swimming in the river in the darkness
Never have to question where my heart is
No need to test water, I just jump right in
We're washing every worry in the water
You and I in the middle of somewhere
You and the moon gonna take me now

Ooh, we are just river swimming, ooh
Ooh, we are just river swimming, ooh

Out here we ain't never missing nothing
All the noise of the world is a-sleeping
No hesitation anywhere around
The stars are the only ones to witness
You and I in the river in the darkness
Say what you feel, I ain't drifting out

Ooh, we are just river swimming, ooh
Ooh, we are just river swimming, ooh

We can stay forever, that's our right
We can stay long as you like

Ooh, we are just river swimming, ooh
Ooh, we are just river swimming, ooh
Ooh, we are just river swimming, ooh
Ooh, we are just river swimming, ah-huh, ah-huh
Ooh
