

Talk Myself Out

Nashville Cast

21 days
So the experts say
It'll take for a habit to break
Part of my problem
Is you are a part
Of my heart
And forget mistakes

I know you love me
And I know it's right
The thought of what could be, baby
Haunts my dreams late at night

But every time
I let you back in
You break my heart into pieces
So I sit myself down
And talk myself out
Of love with you again

You have good intentions
You're down on your knees
But there are some things
I just can't unsee

I know you love me
And I know it's right
The thought of what could be
Baby haunts my dreams late at night

Every time
I let you back in
You break my heart into pieces
So I sit myself down
And talk myself out
Of love with you again

I know you love me
And I know you tried
The thought of what could be, baby
Haunts my dreams late at night

Every time
I let you back in
You break my heart into pieces
So I sit myself down
And talk myself out
Of love with you again
